

December 8th Unemployment Insurance Mobilization Day Vigil

Join the Las Vegas Community Vigil and Press Conference with Clergy, Community Leaders, concerned working families and unemployed workers in calling on Congressman Joe Heck to Extend Unemployment Insurance Benefits before December 31st.

For the jobless in Nevada and local communities hit hard by long-term unemployment, extended unemployment insurance is a lifeline that is set to expire at the end of December unless Congress takes action.

We will ask Congressman Heck to put aside politics and vote to reauthorize unemployment insurance!
